This template is for your preparation of a camera-ready manuscript of abstract for Short Oral & Poster Session and Environmental Technology & Project Session at Environmental Engineering Research Forum, JSCE. It provides instructions: page layout, font style, size and others. You may use it to create your own abstract by replacing the relevant text with your own, using “cut & paste.”

Use a bold-style 14-pts Times New Roman font for the title. Insert a 14-pts blank line at the top of the manuscript. Use a 11-pts Times New Roman font for abstract. The abstract should be justified. The length of abstract should be 300 words or less, including acknowledgement. The camera-ready manuscript should not exceed a half size of A4 paper. Acknowledgement should be a part of abstract and it should appear at the end of the abstract.

Key Words : *times, italic, 10pt, one blank line below abstract, indent if key words exceed one line*
